

Pin Up of Blog Post One

Introduction to Data Visualization

The Graduate Center at CUNY | Fall 2019

Michelle A. McSweeney

5 minute reflection

Before we get started with the pinup, identify what you think is the biggest strength of your project and the biggest area for improvement.

PinUp

- What is this visualization about?
- How does it communicate the result?
- What visual cues does the author use?
- What is effective?
- How could this visualization be improved?
- How could you envision this project being developed further?
